

INTERNATIONAL DOG DAY: DIY Dog Wire Art

What You'll Need:

- Tensioning wire
- Optional: Sketch of a dog (printed or drawn)
- Protective gloves
- Pliers
- Wire cutters
- Spray paint (optional)

1 Gather Your Materials

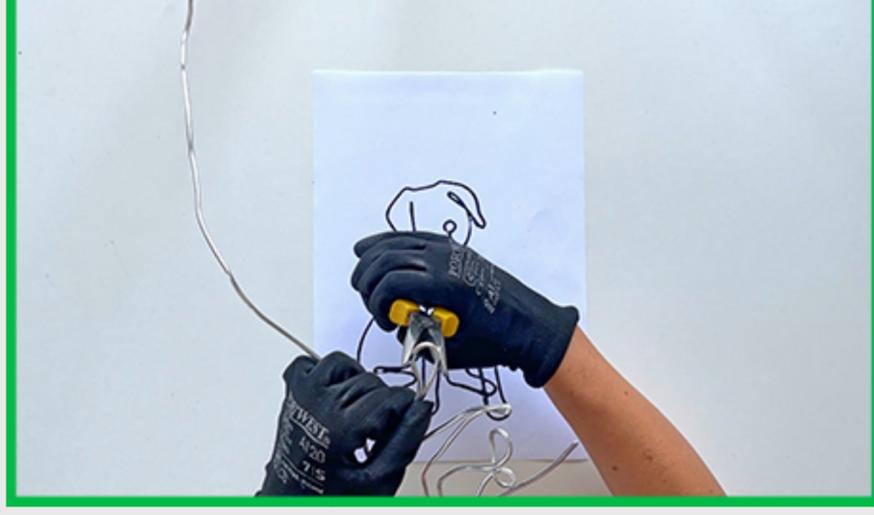

Collect the necessary materials for this project.

2 Cut the Wire

Trim a piece of tension wire to the desired length.

3 Shape Your Dog Wire Art

Start shaping the wire around the template or freehand it. Use pliers to assist in bending it into curves and shapes.

4 Finish Your Shape

Keep bending the wire to finish outlining the head.

Use your pliers to fine-tune and adjust the shapes until you're happy with the overall appearance.

5 Paint Your Shape

If you prefer, you can paint it any colour you like.

6 Finished Project

Congratulations! You've created a beautiful dog wire art for International Dog Day.
